

Australian relay protection company

Overview

Our Brands | Protection Relays From humble beginnings in 1969, Stemar Electrical Products has grown to become a leading Australian manufacturer of Instrume.

Key Takeaways

Key Australian companies providing relay protection solutions include Schneider Electric Australia, Sigma Power Services, CSE Uniserve, and MerCs.Schneider Electric Australia

Schneider Electric offers a wide range of medium- and high-voltage protection relays under the Easergy and PowerLogic brands. Their relays provide overcurrent, arc, distance, and differential protection for transmission lines, motors, transformers, and capacitor banks. Advanced features include IEC 61850 communication, cybersecure platforms, and modular designs suitable for both standard and demanding applications . Schneider's solutions are widely used for grid protection, industrial automation, and energy management.

Sigma Power Services (SPS)

Sigma Power Services specialises in configuring, testing, and integrating microcontroller-based protection and control relays from leading manufacturers such as SEL, ABB, Siemens, MICOM, GE, Schneider, and ZIV. SPS provides end-to-end solutions for power generation, transmission, and distribution systems, ensuring accurate relay configuration, digital communication integration, and compliance with operational standards . Their services help minimise downtime and protect critical infrastructure.

CSE Uniserve

CSE Uniserve delivers comprehensive protection, control, and monitoring solutions for utilities, industrial plants, and renewable energy systems. They offer relays for bus protection, transformer protection, motors, and transmission lines, with fast fault detection and isolation capabilities. CSE Uniserve partners with GE Vernova to provide advanced relay technologies and focuses on enhancing system reliability, asset management, and operational safety .

MerCs

MerCs is a 100% Australian-owned supplier of electrical relays and safety protection equipment. They provide reliable and safe relay solutions for various electrical applications, focusing on protective and monitoring relays for industrial and commercial systems .

Additional Resources

For a broader list of suppliers and distributors of protective and monitoring relays in Australia, GlobalSpec provides an interactive directory to locate manufacturers and service providers across the country . These companies collectively cover a wide spectrum of relay protection needs, from medium- and high-voltage applications to digital integration and advanced monitoring, making them suitable partners for utilities, industrial operators, and renewable energy projects in Australia.

Article Content

Our Brands | Protection Relays

From humble beginnings in 1969, Stemar Electrical Products has grown to become a leading Australian manufacturer of Instrument

Mors Smitt

RMS Mors Smitt is an Australian company and part of the Wabtec corporation; dedicated to the design,

Protection Solutions

We've manufactured a range of electrical protection relays that cover earth leakage, earth continuity, earth fault lockout and frozen

Protection Relays

Suitable for hazardous environments and providing ultimate personal protection, our relays

Mors Smitt

Mors Smitt manufactures products for industrial applications such as power relays, surge protection devices

Search ASIC registers

Online services Search ASIC registers Search our registers for information on business names, companies and people we regulate.

Protection relay testing and commissioning

Ensure system safety and reliability with MPT's protection relay testing and commissioning services in Australia. Expert testing for

About the National Relay Service (NRS)

About the National Relay Service (NRS) The National Relay Service (NRS) can help you if you're d/Deaf or find it hard to hear or

Protection Relays

CSE Uniserve delivers innovative protection solutions, integrating leading protection relays to safeguard

Protection Relays by Range

Schneider Electric Australia. Protection relays for medium-voltage and high-voltage applications including

ESB Power PTY LTD — Electrical Testing & Maintenance Specialists

ESB Power provides high-voltage infrastructure maintenance, testing, and support services for mining and resource operations

Protection Relays by Application

Schneider Electric Australia. Protection relays for medium-voltage and high-voltage applications including overcurrent, arc, motor,

Protection Relays: Setting and Testing

Electrical Testing Company has the following test equipment: six phase current and voltage secondary injection; single and three

Relays | Australia | Rubin Group

Electronic relays supplied Australia-wide When it comes to electrical and electronic equipment power management, you need

Relay Testing and Commissioning Services | HV

Welcome To MPT Services Relay Testing MPT offers comprehensive relay testing services in Australia,

Relays Australia | Relays Supplier & Manufacturer

Your Trusted Relays Supplier & Distributor RS is a globally recognised and trusted supplier, distributor, and manufacturer of relays

Schneider Electric Australia | Your Energy Technology Partner

We are your energy technology partner. We drive digital transformation by integrating world-leading process and energy technologies

Our Brands | Protection Relays

A motor protection relay is designed to help protect motors from overloads, jams, phase loss or unbalance, heat, heavy start-ups or

Relay Testing and Commissioning Services | HV

Welcome To MPT Services Relay Testing MPT offers comprehensive relay testing services in Australia,

Relays Australia | Relays Supplier & Manufacturer

Your Trusted Relays Supplier & Distributor RS is a globally recognised and trusted supplier, distributor, and manufacturer of relays

Schneider Electric Australia | Your Energy Technology

We are your energy technology partner. We drive digital transformation by integrating world-leading

Our Brands | Protection Relays

A motor protection relay is designed to help protect motors from overloads, jams, phase loss or unbalance, heat, heavy start-ups or

Relays

Our relay range includes telecom, reed, solid state, automotive and cradle types in popular switching configurations. Plus a selection

Electrical Safety & Circuit Protection Equipment

MerCs - Strider energy meters, CTs, RCBOs, circuit protection, fuse gear, earth leakage relays and

Swe-Check: The Fuse Warehouse. View our Range Online.

We stock Fuses, Fuse Holders, Circuit Breakers, Power Distributors & Relays. Shop online, with over 5000 products, we deliver

Energy Made Easy

Energy Made Easy is a free Australian Government energy price comparison service for households and small businesses in NSW,

Reyrolle protection relays

The comprehensive range of Reyrolle products provides the total protection requirements of distribution markets and industrial

Protection Solutions

View our vast selection of advanced electrical protection relays, gas detection solutions and leading Bender devices that ensure

Relays & Timers

Discover IPD's comprehensive range of high-performance relays and timers from leading brands ABB,

Industries | Protection Relays

Industries Littelfuse are a global leader in Protection Relay and Control products including motor & pump protection relays, arc-flash

Top Protective Relay Companies 2034 | Market Leaders & Insights

Explore top companies in protective relay market, market share, leading players, and strategic insights shaping grid protection and

Types of Protection Relays and Testing procedures

Regular testing and maintenance of protection relays are essential to verify their proper operation, detect faults, and

Mors Smitt

Mors Smitt manufactures products for industrial applications such as power relays, surge protection devices
