

Bahrain Swiss Cable Tray Manufacturer

Overview

Cable Trays & Trunking The BSLI range of Cable trays and Trunking has been developed from many years of manufacturing expertise for a wide range of ALBaith.

Key Takeaways

Bahrain offers several cable tray manufacturers and suppliers providing high-quality systems, some built to European standards that align with Swiss engineering quality.

Key Manufacturers and Suppliers in Bahrain

1. Navitas Electricals WLL Navitas manufactures, supplies, and installs a wide range of cable trays in different dimensions, adhering to NEMA VE-1, BS, and European standards, which ensures compatibility with Swiss or European quality expectations. They provide complete systems including fittings and accessories for electrical, data, control, and communication cables, suitable for commercial, industrial, and public works projects .
2. Bahrain Switchgear & Lighting Industries (BSLI) BSLI offers a range of cable trays and trunking systems developed with modern computer-controlled machinery to ensure high precision and timely delivery. Their products are designed to meet diverse customer requirements and maintain competitive pricing, making them a reliable local manufacturer .
3. ALBaith Lighting ALBaith provides perforated cable trays in aluminium or steel, ranging from medium to ultra-heavy duty. They offer straight sections, fittings, covers, and accessories, allowing full system specification from a single source .

4. Jeetmull Jaichandlall (P) Ltd. This company is recognized as one of the top cable tray manufacturers in Bahrain. They produce trays in various sizes, shapes, and finishes, with a focus on high-quality standards and durability. Their on-site manufacturing facility uses modern equipment and advanced technology to ensure superior product quality .

5. General Cable Tray Suppliers Other suppliers in Bahrain provide a wide range of cable tray products, including cable ladders, trunkings, and gratings, catering to different installation needs .

Considerations for Swiss-Standard Quality

While no manufacturer explicitly identifies as Swiss, products built to European standards (like those from Navitas Electricals) are generally compatible with Swiss engineering expectations. When sourcing, consider:

- Material type: aluminium, steel, or perforated trays
- Load capacity: medium to ultra-heavy duty
- Compliance: NEMA, BS, or European standards
- Accessories: fittings, covers, and installation support

These suppliers can provide customized solutions for industrial, commercial, and infrastructure projects in Bahrain, ensuring high-quality cable management systems.
