

Dutch cable tray elbow price inquiry

Overview

Price List Cable Tray 2024 - Free download as PDF File (.pdf), Text File (.txt) or view presentation slides online.

Key Takeaways

Cable tray elbows in the Netherlands typically range from €15 to €80 per piece, depending on material, size, and supplier.

The cost of a cable tray elbow depends on several factors:

- **Material:** Stainless steel elbows are more expensive than aluminum or galvanized steel due to corrosion resistance and durability .
- **Size and Dimensions:** Larger widths and heights increase material usage, raising the price .
- **Type of Elbow:** Standard 90° or 45° elbows are generally cheaper than custom angles or adjustable elbows .
- **Finish and Coating:** Powder-coated or hot-dip galvanized finishes add to the cost .
- **Supplier and Quantity:** Bulk orders often reduce the per-piece price, while small orders may include higher handling fees .

Typical Price Range

- Aluminum or galvanized steel elbows: €15–€35 per piece
- Stainless steel elbows (AISI 304): €40–€80 per piece

- Custom or large-dimension elbows: Prices can exceed €100 depending on specifications

How to Obtain Exact Pricing

To get precise quotes for your project:

- Contact local suppliers such as RS Components, CC Nederland B.V., Staalbouw Dijkstra, or Cablehouse Netherlands .
- Provide specifications: material, width, height, angle, and quantity.
- Request bulk pricing if ordering multiple pieces, as discounts are often available.
- Check for delivery and installation costs, which may affect the total project budget. By reaching out directly to suppliers with your project requirements, you can obtain accurate, up-to-date pricing and ensure the elbows meet your technical and regulatory standards.
