

Guyana Electrical Distribution Company

Overview

(GPL) is the largest supplier of electricity in Guyana, South America with its franchise area encompassing all three counties of Demerara, Berbice and Essequibo. GPL supplies all its domestic customers with voltage ranging from 110 to 220 Volts depending on the area. Easily pay your post-paid bills with your credit card. Make your payments via our Cheque Dropbox, Bank. The electricity sector in Guyana is dominated by Guyana Power and Light (GPL), the state-owned vertically integrated utility. Although the country has a large potential for hydroelectric and bagasse -fueled power generation, most of its 226 MW of installed capacity correspond to thermoelectric. If Guyana Electricity Corporation is your company and you would like to remove it from the D&B Business Directory, please contact us. Find company research, competitor information, contact details & financial data for Guyana Electricity Corporation of GEORGETOWN. ****. Fill out our new client form to get started on your electrical project and find out for yourself. Thanks for submitting! 159 Guyhoc Park, Arapaima Street. The voltage distribution system.
