

Manufacturer of Aluminum Alloy Cable Management Frames for Cold Aisles and Low Noise

Overview

In 2024, Worthington Armstrong Venture (WAVE), a joint venture between Armstrong World Industries, Inc., acquired all of the assets of Data Center Resources, LLC (DCR) related to the design and manufacture of customizable, modular aisle. Faztek's t-slotted aluminum frames and panel profiles offer versatility to create aisle containment systems to meet your data center's needs. We are committed to creating solutions with aluminum extrusions that allow for simplistic yet precise airflow management in data. Accordingly, Cool Shield optimizes HAC (Hot Aisle Containment) or CAC (Cold Aisle Containment) systems for the unique specifications and site conditions of any data center. NEW Cool Shield Structure Containment system. Armstrong aisle containment solutions provide high-performance systems that support efficient, scalable. We took our CoolControl curtains one step further to create a completely modular aisle containment system called CoolControl Containment.

Cable + Channel Management System: HOF i-Series

All 3 systems enable safe channel and cable laying and, thanks to shorter cable routes, there is great potential for cost savings. The i-Series is made of aluminium and has - compared to steel - a very low

Wire & Cable Management – Aeons | Empowering

Combining technical durability with efficiency-focused design, Aeons helps customers streamline cable organization, enhance performance, and lower total

Wire & Cable Management – Aeons | Empowering Digital Infrastructure

Combining technical durability with efficiency-focused design, Aeons helps customers streamline cable organization, enhance performance, and lower total cost of ownership.

ALUMINIUM TRUNKING SYSTEMS

ALUMINIUM TRUNKING SYSTEMS The physical properties of aluminium offer the building industry a high quality material that is ideally suited for internal cable management distribution. Aluminium is

Affordable Wire Management, LLC – Innovative

Affordable Wire Management provides innovative, precision-engineered cable management solutions that are durable, reliable and safe.

Aluminum Alloy Cable Trunking in Germany Industrial Cable Management ...

Discover how our aluminum alloy cable trunking in Germany to help Industrial Cable Management Initiative with unmatched strength, conductivity, and durability. Detailed specifications and project

Aluminium Cable Trays | EAE Electric

Aluminium cable trays are lighter than steel, highly resistant to corrosion, and durable in cold climates. Moreover, they reduce weight loads on offshore

Order Online Industrial Computer Cabinet Fan-Equipped Aluminum Alloy ...

Industrial cabinets offer structured internal layouts with standard 19-inch rack rails, DIN rails, adjustable shelves, and cable management systems. This allows for secure mounting of servers, controllers,

Cable tray

ABB designs and manufactures cable tray systems, including perforated tray, cable ladder, channel tray and strut (metal framing).

Metal framing & support systems

Metal framing & support systems ABB saves time and labor with its comprehensive lines of metal framing and cable tray, including the industry's only 100% plated products, our 1 1/2" modular

Wire and Cable Management | Low Voltage Products

ABB's broad offering of wire & cable management solutions is designed to make the task of fastening, protecting, insulating and connecting wires easier and quicker
