

Pakistan-specific cable trays

Overview

Cable Trays in Pakistan | Perforated, Ladder & Wire Mesh Which type of cable tray is best in Pakistan?

Answer: In Pakistan, perforated cable trays are ideal.

Key Takeaways

You can find high-quality cable trays in Pakistan from leading manufacturers and suppliers such as EPEPK, Alfazal Industry, Electric Power Engineering, and Power Engineering (Pengpk), offering nationwide delivery and a variety of tray types. Leading Cable Tray Suppliers

1. EPEPK EPEPK is a trusted manufacturer and supplier of cable trays in Pakistan, serving cities like Lahore, Karachi, Faisalabad, and Islamabad. They offer a full range of cable trays including perforated, ladder, wire mesh, and solid bottom trays, suitable for industrial, commercial, and solar projects. Their trays are made from durable materials like galvanized steel, stainless steel, and aluminum, and they provide accessories and customization options for specific project needs . 2. Alfazal Industry Alfazal Industry manufactures and supplies cable trays across Pakistan, including Lahore, Karachi, and Islamabad. They provide perforated trays for ventilated support, ladder trays for heavy-duty industrial use, solid bottom trays for electromagnetic protection, and wire mesh trays for fiber optic cables. Installation services and accessories are also available . 3. Electric Power Engineering (EPEPK) This company specializes in durable cable management systems for industrial, commercial, and solar infrastructure. They offer perforated, ladder, wire mesh, and solid bottom trays in various materials, with strict quality control and ISO-certified manufacturing processes. They also provide technical support, customization, and nationwide delivery . 4. Power Engineering (Pengpk) Pengpk provides a wide range of cable trays and accessories, including perforated and ladder trays, with customization options for length, rung spacing, and material. They also supply support structures, conduit fittings, and installation accessories, catering to industrial and commercial requirements across Pakistan .

Types of Cable Trays Available

- Perforated Cable Trays: Ideal for indoor electrical wiring, offering ventilation and cable support.
- Ladder Cable Trays: Heavy-duty trays for industrial and solar projects, supporting high-load power cables.
- Wire Mesh/Basket Trays: Suitable for fiber optic cables and short-span installations.
- Solid Bottom Trays: Provide protection against electromagnetic interference and are used in sensitive installations.

Pricing and Considerations

Cable tray prices in Pakistan range from Rs. 700 to Rs. 2,500 per meter, depending on type, material, and thickness. Powder-coated trays are recommended for outdoor use due to corrosion resistance. Cable trays are preferred over conduit pipes for better airflow, easier installation, and simplified maintenance . For bulk orders, customization, or technical guidance, contacting these suppliers directly via their websites or WhatsApp is recommended. This ensures you get the right type, material, and accessories for your project.
