

Price of ladder-type cable trays in Congo

Overview

Cable Tray and Ladder Price List 2025 | PDF Cable Lader, Cable Tray Price List - Free download as PDF File (.pdf), Text File (.txt) or read online for free.

Key Takeaways

Ladder-type cable trays in Congo are available from local and international suppliers, with prices generally based on material, size, and standard lengths of 2.4 meters.

Overview of Ladder-Type Cable Trays in Congo

Ladder-type cable trays are widely used in industrial, commercial, and construction applications in Congo to support electrical, control, and data cables. They are typically made from hot-dip galvanized steel, aluminum, or fiberglass reinforced plastic (FRP), offering durability, corrosion resistance, and ease of installation . FRP trays are lighter and resistant to chemicals, making them suitable for humid or corrosive environments, while galvanized steel trays are preferred for heavy-duty industrial use .

Pricing Factors

- **Material:** Hot-dip galvanized steel trays are standard and generally more affordable than FRP or custom aluminum trays .
- **Length and Size:** Standard ladder trays are usually 2.4 meters long, and prices are calculated per unit length . Width and height variations can affect the cost.
- **Customization:** Suppliers in Congo offer customization for tray dimensions, coatings, and fittings, which can increase the price .

- Fittings and Accessories: Elbows, tees, reducers, and covers are priced separately and are necessary for complex installations .

Supplier Options

- Brilltech Engineers and other local suppliers provide a range of ladder cable trays with options for galvanized steel, aluminum, and FRP, including custom sizes .
- Alibaba lists international suppliers offering FRP and metal ladder trays suitable for industrial applications, which can be shipped to Congo .
- Prices are typically obtained via quotation, as they depend on order quantity, material, and shipping costs .

Estimated Price Range

While exact prices vary, hot-dip galvanized ladder trays of 2.4 meters generally range from \$30 to \$80 per unit, depending on width, height, and supplier. FRP trays may cost slightly more due to material and import considerations . Fittings and accessories are additional and priced per piece. For precise pricing, contacting local suppliers like Brilltech Engineers or requesting quotes from international distributors is recommended .

Conclusion

Ladder-type cable trays in Congo are available in multiple materials and sizes, with pricing influenced by material, length, and customization. For accurate cost planning, it is advisable to request quotes from local suppliers and consider additional costs for fittings and installation. These trays provide durable, corrosion-resistant support for electrical and data cabling in industrial and commercial projects .
