

Price of molded cable trays in Qatar

Overview

Find Cable Trays in Qatar. Buy Cable Trays at the best price from Electra, one of the leading suppliers of Cable Trays in Qatar.

Key Takeaways

Custom molded cable trays in Qatar typically range from QAR 200 to QAR 800 per meter, depending on material, size, and complexity.

Molded cable trays, especially FRP (Fiber Reinforced Plastic) trays, are widely used in Qatar for industrial, commercial, and infrastructure projects due to their lightweight, corrosion resistance, fire resistance, and electrical insulation properties. Suppliers like SV Composites, Electra, and Adastral WLL offer customization options to meet specific project requirements, including tray dimensions, load capacity, and environmental protection.

Factors Affecting Cost

- **Material Type:** FRP trays are generally more expensive than standard steel or galvanized trays due to their durability and corrosion resistance.
- **Tray Size and Load Capacity:** Wider or deeper trays designed to carry heavy power cables cost more. Ladder-type or trough-type trays with covers are priced higher than simple perforated trays.
- **Customization Complexity:** Custom bends, reducers, tees, and cross-sections increase manufacturing costs. Precision molding for specific layouts or sensitive equipment adds to the price.

- **Quantity and Supplier:** Bulk orders may reduce per-meter cost, while small, highly customized runs are more expensive. Local suppliers like Electra and Altura Industries provide competitive pricing and technical support .

- **Environmental Requirements:** Trays for coastal, chemical, or high-temperature environments may require UV-stabilized or flame-retardant FRP, which increases cost .

Estimated Price Range

- **Standard FRP molded tray:** QAR 200–350 per meter
- **Heavy-duty or covered FRP tray:** QAR 400–600 per meter
- **Highly customized or specialized trays:** QAR 600–800 per meter These prices are indicative and can vary based on supplier, project scale, and specific technical requirements.

Supplier Guidance

- **SV Composites:** Offers FRP molded trays with full customization, technical support, and compliance with safety standards .
- **Electra Qatar:** Provides a wide range of cable trays and accessories, including custom bends, reducers, and heavy-duty options .
- **Adastra WLL:** Supplies metal and custom cable tray systems with timely delivery and quality assurance .
- **Altura Industries:** Competitive pricing for MEP contractors with local support in Doha . For accurate pricing, it is recommended to contact suppliers directly with your project specifications, including tray type, dimensions, load requirements, and environmental conditions. This ensures a tailored quote that reflects both material and customization needs.
